Information on Funding & Governance

Funding and Governance

Up-to-date information, advice and guidance around funding and governance is essential for any community or voluntary organisation.

It is vital that groups and organisations have their governance in place and keep up to date with changes to the law and legislation. Go to our Good Practice Guides and Policies page for resources and links of interest.

Information on funding opportunities is also vital for voluntary groups, particularly in these times of cuts and changes within the sector.
